

Lab Goal : The lab was designed to teach you more about parameters.

Lab Description : Take a word and print it out in the shape of a triangle as shown below.

Sample Input :

```
a
it
box
toad
fishy
dog
```

Files Needed ::

```
TriangleWord.java
Lab03d.java
```

Sample Output :

```
Enter a word :: a
a
```

```
Do you want to enter more sample input? y
```

```
Enter a word :: it
i
itit
```

```
Do you want to enter more sample input? y
```

```
Enter a word :: box
b
bobo
boxboxbox
```

```
Do you want to enter more sample input? y
```

```
Enter a word :: toad
t
toto
toatoatoa
toadtoadtoadtoad
```

```
Do you want to enter more sample input? y
```

```
Enter a word :: fishy
f
fifi
fisfisfis
fishfishfishfish
fishyfishyfishyfishy
```

```
Do you want to enter more sample input? y
```

```
Enter a word :: dog
d
dodo
dogdogdog
```

```
Do you want to enter more sample input? n
```
